*Leucochrysum albicans*, Hoary Sunray. A long flowering local perennial daisy. Grows well in gravel.

*Grevillea iaspicula*, Wee Jasper Grevillea. A tall shrub that is endangered in its natural habitat.

*Crowea exalata* Ginninderra Falls, Small Crowea. A long flowering local plant.

*Leratiomyces ceres*, Redhead Roundhead. Generally found in wood chips. It is reported to be poisonous.

*Acacia genistifolia*, Early Wattle. A spiny local wattle that provides cover for small birds. Flowers from late autumn to early spring.

*Grevillea lanigera*, Woolly Grevillea. Named for its hairy branchlets and leaves. A woodland species.

*Xerochrysum viscosum*, Sticky Everlasting. A hardy common local everlasting daisy.

*Chrysocephalum apiculatum*, Common Everlasting. A perennial daisy with various forms.

*Acacia pravissima* Ovens Wattle. Well budded for an early spring flowering.

*Cracticus tibicens*, Australian Magpie. This white backed form of the Magpie is Race *hypoleuca*.

*Viola hederacea*, Ivy-leaved Violet. A densely spreading stoloniferous herb. Suits damp areas.

*Grevillea diminuta*, Small Royal Grevillea. A small shrub that tends to hide its flowers.

Our working bees are held every Thursday morning from 8am, please feel free to join our friendly group at whatever time you able to. We break for morning tea at 10 am at the table near our shed. An excellent morning tea is guaranteed. Park on lower section of overflow carpark with other volunteers.
