

Southern Tablelands Regional Botanic  
Garden at Forest 20, National  
Arboretum Canberra.

Of Interest at Forest 20, July 2023  
Number 98

*Grevillea victoriae* var. *nirvalis*. Mountain or Kosciuszko  
Grevillea. The only grevillea found there.

*Grevillea lanigera* Woolly Grevillea. Named for its  
woolly branchlets and leaves. A woodland species.

*Grevillea iaspicula* Wee Jasper Grevillea. A tall shrub  
that is endangered in its natural setting.

*Crowea exalata* Ginninderra Falls Small Crowea. An  
attractive small, long flowering local species.

*Ranunculus papulentus*. Large River Buttercup.  
Spreads by underground stolons and appreciates  
moisture.

Warm Trees, an annual winter Arboretum promotion.  
These knitted creations are recycled for other uses at  
the end of winter.

Galls on *Eucalyptus gregsoniana* Wolgan Snow Gum. This gall is yet to be identified.

*Tasmannia lanceolata* Mountain Pepper. Budded up for a spring flowering. The red stems are distinctive.

We are still suffering from wet conditions particularly in the upper areas of our understory plantings.

*Allocasuarina littoralis* Black She-oak. These are the female flowers.

A yet to be identified fungi. Perhaps *Amanita xanthocephala* Vermilion Grisette.

*Ammobium alatum* Winged Everlasting. Last of the daisy flowers for the autumn/winter.

Our working bees are held each Thursday morning from 8am. Morning tea (byo) is at 10am at the tables near the shed. Tools are supplied. New volunteers are welcome, just turn up and make yourself known.
