

Southern Tablelands Ecosystems **Park A Regional Botanic Garden for** **the Southern Tablelands at Forest 20** **National Arboretum Canberra**

Of Interest at Forest 20, June 2021 Number 74

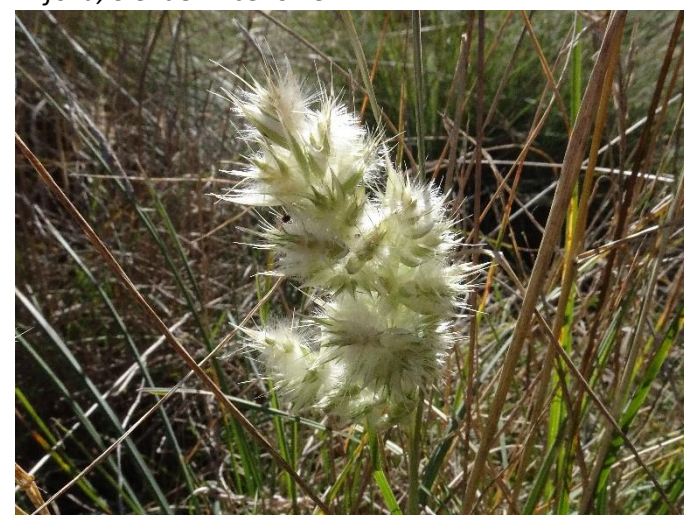

New welcome to Southern Tablelands Ecosystem Park Regional Botanic Gardens sign near the entrance ramp

Junonia villida, Meadow Argus Butterfly on *Pimelea linifolia*, Slender Riceflower.

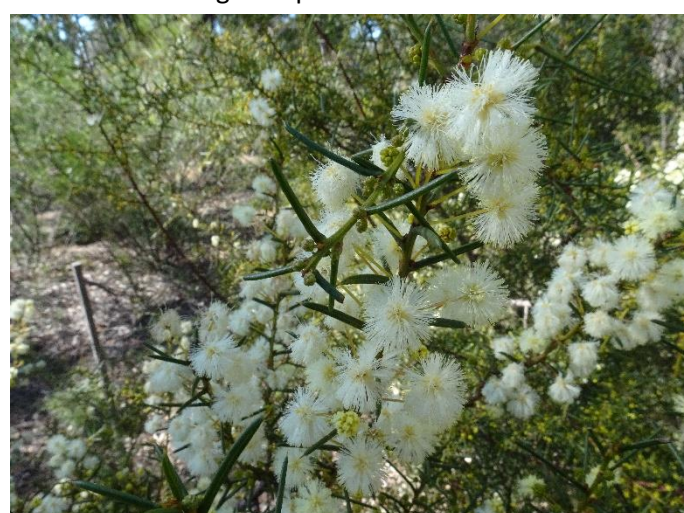

Grevillea lanigera, Woolly Grevillea. Named for its woolly branchlets and leaves. A woodland species.

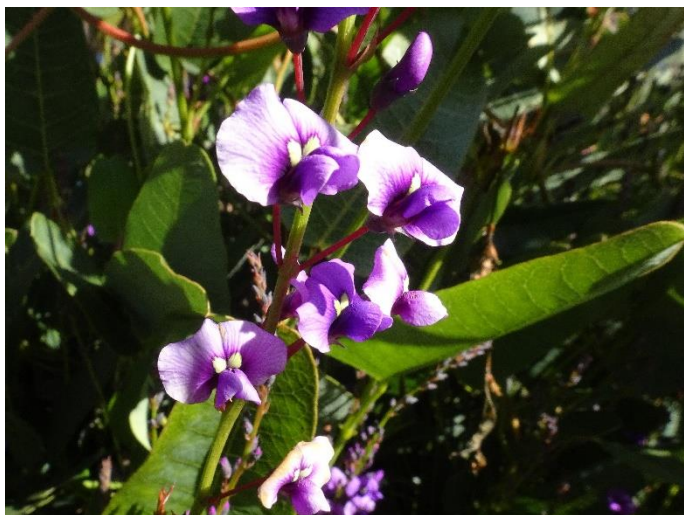

Rytidosperma bipartitum, Ringed Wallaby Grass. A late head on this grass species.

Pelargonium sp. *Striatellum*, Omeo Storksbill. A yet to be described species that grows on lake verges.

Acacia genistifolia, Early Wattle. Living up to its name, this spiky species is in full flower.

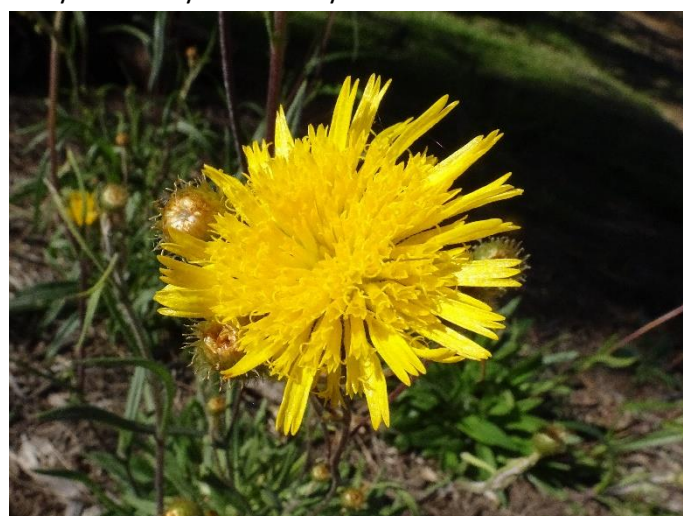

Hardenbergia violacea, False Sarsaparilla. It is unseasonal to see this flowering in late May.

Brachyscome rigidula, Cut-leaf Daisy. A sprawling daisy with hairy stems. May grow to 40 cm.

Xerochrysum viscosum, Sticky Everlasting. A hardy local daisy. Planted in a number of places.

Podolepis jaceoides. Showy Copper-wire Daisy. An attractive long flowering perennial daisy.

Scleranthus biflorus, Cushion Bush. A mat forming ground cover that is also called Two-flowered Knawel.

Ocybadistes walkeri, Greenish Grass-Dart on *Leucochrysum albicans*, Hoary Sunray.

Check in CBR is done at our shed. The STEP working bees are being held each Thursday from 8am. Car parking is in the lowest section of the new parking area where you will see a group of cars. Enter by the new concrete ramp. Morning tea is byo and held near our shed. We do our best to respect social distancing.

These photos were taken by Andy Russell on Sunday May 30th, 2021. The postal address for STEP is PO Box 440, Jamison Centre, ACT 2614.
