

Southern Tablelands Regional Botanic  
Garden at Forest 20, National  
Arboretum Canberra.

Of Interest at Forest 20, March 2023  
Number 94

*Chrysocephalum apiculatum* Common Everlasting. A variable species in both flower and leaf Southern Cas

*Pultenaea spinosa* Spiny Bush-pea. A woodland or forest species that is quite widespread.

*Coronidium gunnianum* Pale Everlasting. This everlasting daisy spreads by rhizomes & seed.

*Goodenia ovata* Hop Goodenia. A long flowering rounded shrub that responds well to pruning

*Pelargonium* sp. *Striatellum* Omeo Storksbill. A yet to be described endangered species.

*Swainsona galegifolia* Smooth Darling Pea. Shown for the second month and still looking good.

*Goodenia pinnatifida* Cut-leaf Goodenia. A widespread species in the ACT according to Canberra Nature Map.

*Solanum linearifolium* Mountain Kangaroo Apple. A tall woody shrub that readily reseeds.

*Eryngium ovinum* Blue Devil. A perennial herb that renews from the base in spring.

*Lotus australis* Austral trefoil. An erect perennial herb that may be pink or white flowered. Found all states.

*Brachyscome rigidula* Cut-leaf Daisy. A sprawling wiry perennial daisy with blue to mauve ray florets.

*Leucochrysum albicans* Hoary Sunray. An attractive everlasting daisy with white or yellow ray florets.

Small sections of our paths are still damaged and fenced off so please take care. Our working bees are each Thursday morning from 8am. Morning tea (byo) is at 10am at the tables near the shed. Tools are supplied. New volunteers are welcome, just turn up and make yourself known.
