

Southern Tablelands Ecosystems
Park A Regional Botanic Garden for
the Southern Tablelands at Forest 20
National Arboretum Canberra

Of Interest at Forest 20, May 2021 Number 73

Ocybadistes walkeri, Greenish Grass-dart on
Leucochrysum albicans Hoary Sunray

Vanessa kershawi, Australian Painted Lady on
Xerochrysum viscosum, Sticky Everlasting.

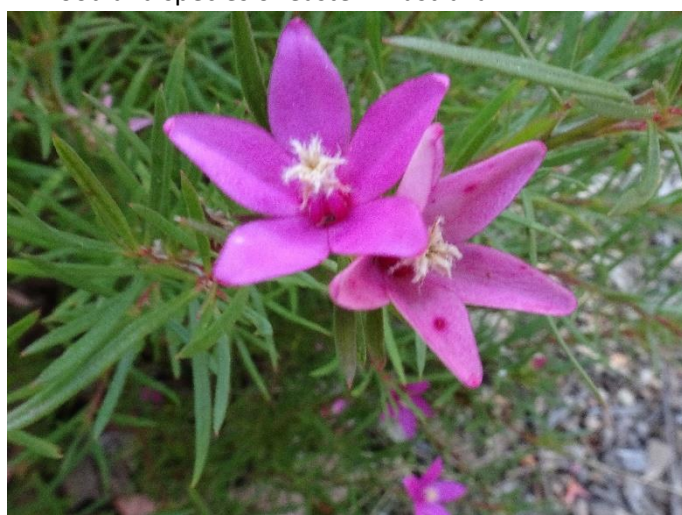

Viola betonicifolia, Mountain or Showy Violet. An ideal
 rockery plant that likes damp conditions.

Cymbopogon refractus, Barbed Wire Grass. A
 woodland species of eastern Australia.

Brachyscome rigidula, Cut-leaf Daisy. A sprawling wiry
 perennial daisy with hairy stems.

Crowea exalata Ginninderra Falls, Small Crowea. An
 attractive long flowering local species.

Pelargonium australe, Native Pelargonium. Best known of the 7 Australian Pelargonium species.

Wahlenbergia stricta, Tall Bluebell. A group of plants on a path edge are at their best.

Chrysocephalum apiculatum, Common Everlasting. A hardy local perennial daisy that has multiple forms.

Xerochrysum viscosum, Sticky Everlasting. A local perennial daisy planted in several sites.

Podolepis jaceoides, Showy copper-wire Daisy. An attractive long flowering perennial daisy.

Rhodanthe anthemoides, Chamomile Daisy. These relatively young plants will continue to improve.

Check in CBR is done at our shed. The STEP working bees are being held each Thursday from 8am. Car parking is in the lowest section of the new parking area where you will see a group of cars. Enter by the new concrete ramp. Morning tea is byo and held near our shed. We do our best to respect social distancing.

These photos were taken by Andy Russell on Thursday April 28th, 2021. The postal address for STEP is PO Box 440, Jamison Centre, ACT 2614.
