

## Southern Tablelands Ecosystems Park

A Regional Botanic Garden for the  
Southern Tablelands at Forest 20 at the  
National Arboretum Canberra

### Of Interest at Forest 20, November 2017

*Bulbine glauca*, Rock Lily. A tufted herb that has a lengthy flowering period.

*Calotis lappulacea*, Yellow Burr-daisy. A long flowering low perennial herb with spiny seed heads.

*Solanum linearifolium*, Mountain Kangaroo Apple. A long flowering tall woody shrub that regenerates easily.

*Dodonea viscosa* subsp. *angustifolia*. Sticky Hopbush. A shrub to small tree with attractive seeds capsules.

*Calotis glandulosa*, Mauve burr-daisy. A perennial daisy with spiny seed heads. Endangered in the wild.

*Ranunculus papulentus*, Large River Buttercup. An attractive perennial herb having underground stolons.

*Eucalyptus dives*, Broad-leaved Peppermint. A grey fibrous barked eucalypt with broad grey-green leaves.

*Calytrix tetragona*, Common Fringe Myrtle. A low to medium local shrub with white to pink flowers.

*Microseris lanceolata*, Murnong or Yam Daisy. Perennial herb which was a food source for the indigenous people.

*Westringia eremicola*, Slender Westringia. A perennial shrub growing to a metre high with attractive flowers.

*Veronica perfoliata*, Digger's Speedwell. A dwarf to small perennial shrub to a metre high with prolific flowers.

*Linum marginale*, Native Flax. A short lived perennial herb to .6m high that readily self-seeds.

Our working bees are held each Thursday morning from 8am, please feel free to join our friendly group at whatever time you can. We break for morning tea at 10 am at the table near our shed. An excellent morning tea is guaranteed.

These photos were taken on the thirty-first of October this year by Andy Russell.

The address for STEP is: PO Box 440, Jamison Centre, ACT 2614.
