

## Southern Tablelands Ecosystems Park

A Regional Botanic Garden for the  
Southern Tablelands at Forest 20 at  
the National Arboretum Canberra

Of Interest at Forest 20, October 2017

*Eucalyptus polyanthemos*, Red Box is a medium sized tree with dense foliage. Several are flowering now.

*Grevillea iaspicula* Wee Jasper Grevillea. A tall shrub that is endangered in its natural setting.

*Acacia cultriformis*, Knife-leaf Wattle. This is one of many Wattles that are flowering at present.

*Brachyscome spathulata*, Spoon-leaved Daisy. A perennial daisy that is looking particularly good.

*Bulbine glauca*, Rock Lily. A tufted perennial herb that flowers for a long time.

*Daviesia mimosoides*, Narrow-leaf Bitter Pea. A woody perennial shrub.

*Indigofera australis*, Austral Indigo. An open woody shrub of medium height. Responds well to pruning.

*Olearia microphylla*, Small-leaf Daisy bush. A dark green leaved compact low daisy bush.

*Pomaderris betulina subsp. actensis*, Pomaderris. A woodland shrub of the Southern Tablelands

*Calotis glandulosa*, Mauve Burr-daisy. A perennial daisy with spiny seeds. An endangered species.

*Gynatrix pulchella* Hemp Bush. A shrub that has separate male and female flowers.

*Leucochrysum albicans*, Hoary Sunray. A long flowering perennial daisy planted in several positions.

Our working bees are held each Thursday morning from 8am, please feel free to join our friendly group at whatever time you can. We break for morning tea at 10 am at the table near our shed. An excellent morning tea is guaranteed.

These photos were taken on the first and second of October this year by Andy Russell.

The address for STEP is: PO Box 440, Jamison Centre, ACT 2614.
