

Of Interest at Forest 20, October 2020 Number 66

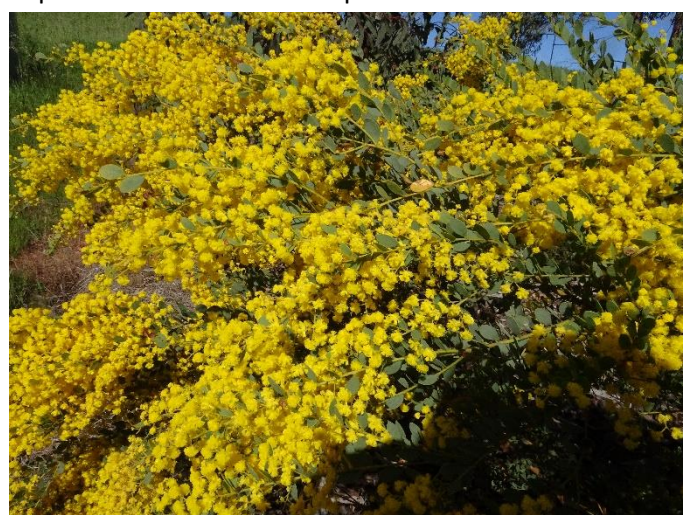

Hardenbergia violacea, False Sarsaparilla. Flowering in several locations at Forest 20.

Dodonaea viscosa ssp. *angustissima*, Narrow-leaved Hop Bush. A tall shrub widespread in mainland states.

Indigofera australis, Austral Indigo. An open woody shrub that responds well to pruning after flowering.

Acacia buxifolia Box-leaf Wattle. A medium sized shrub or small tree often seen in our local reserves.

Pomaderris intermedia, Lemon Dogwood. A shrub that may grow to three metres.

Solanum linearifolium, Mountain Kangaroo Apple. A long-flowering erect shrub.

Grevillea iaspicula, Wee Jasper Grevillea. A tall shrub that is endangered where it grows naturally.

Leucochrysum albicans, Hoary Sunray. A long-flowering local daisy oft show in our photo sheets.

Stypandra glauca, Nodding Blue-lily. A long-lived plant that tolerates frost and dry conditions.

Oxylobium ellipticum, Common Shaggy-pea. A dense shrub, up to 2 metres tall, of forest locations.

Dillwynia sericea, Showy Parrot-pea. A small shrub found across south eastern Australia.

Pomaderris betulina ssp. *actensis*, Birch Pomaderris. A dense shrub restricted to rocky valleys of the ACT & nearby NSW.

While we respect the Coronavirus threat, the STEP working bees are still being held each Thursday from 8am. Car parking is now in the new parking area. Park where you see a group of cars. Morning tea is byo and held in the usual place with personal distancing.

These photos were taken by Andy Russell on Thursday October the 1st, 2020. The postal address for STEP is PO Box 440, Jamison Centre, ACT 2614.
